Courses for Proficient Accreditation Level

Course 1 – Standard 1.1.2
The focus of this 3-hour course is for teachers to develop an understanding of the physical, social and intellectual development and characteristics of children who are gifted and an understanding of how to use teaching strategies based on the physical, social and intellectual development and characteristics of children who are gifted.

Course 2 – Standards 1.5.2, 6.4.2
During this 3-hour course teachers will develop an understanding of differentiating teaching strategies and develop activities to meet the specific learning needs of gifted children.

Course 3 – Standards 3.7.2, 7.3.2
The focus of this 2-hour course is for early childhood teachers to help establish, and maintain a respectful collaborative relationship with parents of gifted children and engage them in appropriate and contextually relevant opportunities to plan for and be involved in their children’s learning and thereby enable gifted children’s learning and well-being.

Course 4 – Standards 1.1.2, 1.5.2, 3.7.2, 6.4.2, 7.3.2
This whole day professional learning program will develop an understanding of gifted children; how to differentiate teaching strategies to meet the specific learning needs of gifted children; how to establish collaborative relationship with their parents and engage them in appropriate and contextually relevant opportunities to plan for and be involved in and enable their children’s learning and well-being.
